

WATERWORKS BYLAW WHAT IS CHANGING?

NEW WATERWORKS BYLAW

The following changes have been made to the Town of Stettler Waterworks Bylaw, effective immediately.

To view Waterworks Bylaw 2172-24, please visit www.stettler.net.

Further questions may be directed to the Town Office at 403-742-8305 or townoffice@stettler.net.

1 The Town may refuse to open a utility account if A tenant has an outstanding balance from another account, has been disconnected for non-payment three or more times, or has previously had a past-due account with the Town sent to a third-party collection agency

In order to protect the overall tax rate for the average ratepayer, the following changes have been made to the Waterworks Bylaw:

2 Outstanding payment penalties will be applied to the account's total outstanding balance, rather than just the current balance

3 The deposit for new tenant accounts is now \$300

4 Landowners can now access tenant utility account information

5 If a property under the same owner has had three previous tenants disconnected for non-payment, the account must remain in the owner's name
